

WEEKLY REPUBLICAN—1907  
DAILY PUBLIC LEDGER—1908

MAYSVILLE, KY., THURSDAY, FEBRUARY 29, 1912.

ONE COPY—ONE CENT.

There lived a man in our town  
And he was wondrous mad,  
His collar button had escaped—  
The only one he had.

And then his collar, much too tight,  
Ripped up one of his nails—  
The language that he used that night  
Would not go through the mails.

The toothache isn't pleasant, but it makes  
you forget your other troubles for awhile.

Mrs. Beauchamp, State President of the W.  
C. T. U. will speak at the Third Street M. E.  
Church Sunday afternoon at 3 o'clock. Every-  
body is invited to hear this noted speaker and  
worker in the temperance cause.

## Bazaar Club

The ladies of the Christian Church Bazaar  
Club will meet with Mrs. M. C. Russell in East  
Third street, tomorrow afternoon at 3 o'clock.

LET UNCLE SAM  
GIVE YOU THE FACTS

Government reports show the steady  
output of coal during the last few  
years has made the dealers push for  
wider markets. We are going to get  
more trade—your trade—by giving  
you a greater value for your money.  
You will never get out of debt unless  
you buy wisely.

Some of the farmers of Nicholas county  
report that they are practically out of feed  
and cannot procure any more in the county.  
What little fodder is available is bringing 50  
cents a shock for the poorest quality. The  
supply of hay has been about exhausted, and  
baled hay there is selling for \$30 a ton.

## Married and Happy

Relatives in this city are in receipt of a  
letter from Mr. Kemper Beasley telling of his  
marriage February 14th to Miss Ethel Gordon  
of Pueblo, Col. Kemp is a former Maysville  
boy and has made good in his new Western  
home. He is manager and half owner in one  
of the leading clothing and men's furnishing  
establishments in Pueblo. He received his  
earliest business training in the clothing es-  
tablishment of J. Wesley Lee of this city,  
having served some eight years with that  
house. Nothing like a good start. Kemper  
Beasley is the youngest son of the late George  
Beasley of this city.

MAYSVILLE LOOSE LEAF TOBACCO  
MARKET

The Farmers' house sold 158,325 pounds of  
tobacco yesterday, and the Planters' sold 54,  
305 pounds to a block. The prices ranged  
from \$2 to \$40 per hundred. The market was  
stronger than the day before and all grades  
were in good demand.

Some averages at the Farmers' and Plan-  
ters' were:

H. Luman, Bracken county.....\$18.76  
J. Day, Robertson county..... 17.68  
Claybrook & Chandler, Maysville... 16.00  
Colvin & Reese, Mason county.... 15.67  
J. Bishop, Fleming county..... 15.64  
George Campbell, Brown county, O. 15.28  
Howard & Tomlin, Sardis..... 15.09

The Planters' will open the sales today, con-  
tinuing their blocked sale of yesterday.

The Independent house sold 148,368 pounds,  
but the range of prices was not given out last  
night.

Come tonight and hear the sermon on  
the "Lost Sheep," and don't forget to pray  
for the meetings.

## CRUSHED BY ICE

Steamer H. K. Bedford Caught in  
Gorge and Sunk

The steamer H. K. Bedford crashed into ice  
and sank Tuesday night about midnight, in  
deep water, two miles below Waverly, Ohio.  
Captain Henry Kraft of Belpre, O., who was  
in his berth asleep, had a narrow escape. He  
was hurled from his bed. All others aboard  
escaped. The Allegheny ice probably will  
make the wreck of the boat total. The boat  
was laden with over 100 tons of valuable  
freight, including live stock. The loss will  
be about \$15,000. The Pittsburgh & Parkers-  
burg Packet Company own the boat.

## NASTY BLAZE

The Fire Department Again Proves  
Its Efficiency and Worth

An alarm last night about 11 o'clock from  
Box 38 called the Department to the home of  
Ida Hays in West Fifth street where the boys  
were confronted with a well developed fire.

The building is a two-story double frame  
and the fire originated in the front room on  
the first floor, supposed to have started from  
a lamp setting fire to curtains.

Very little of the household goods were  
saved, so rapid was the fire; the family did  
their best to save their property.

The building is a double dwelling. One side  
is in the hands of the Building Association  
and the other belonging to the Hays woman.

The fire broke out again about 2:30 this  
morning requiring the presence of the fire-  
men.

The Fire Department is deserving of great  
praise for efficiency and good work.  
The building was insured for \$500. There

## For The Nervous Woman,

Or the woman who experiences hot flashes nothing is so good to soothe, quiet  
and calm the nervous system as a pure glyceric extract of native medicinal plants,  
and made without alcohol, which has been sold by druggists for the past forty  
years, and most favorably known as Doctor Pierce's Favorite Prescription. In  
young women, suffer from dysmenstruation, or fainting spells, hysteria,  
headache, bearing-down feelings and pain. All these symptoms of irregularity  
and female disturbance are relieved by the use of this famous "Prescription"  
of Doctor Pierce.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength  
to the whole system, and to the organs distinctly feminine.  
For over-worked, "worn-out," "run-down," debilitated,  
tender, nervous, nervous, nervous, nervous, nervous, nervous, nervous, nervous,  
house-keepers, nursing mothers, and feeble women generally,  
it is an excellent appetizing cordial and restorative tonic.

"My disease was called retroversion," writes Mrs. LYDIA McDON-  
ALD, of Moscow, Mich., Route 1. "I had nervous chills and numb spells  
and they would leave me very weak. Then I had inflammation and the  
doctor said I had a floating kidney. I doctored seven months with our  
family physician. He said I would have to have an operation. Then I  
stopped taking his medicine. After taking three bottles of Dr. Pierce's  
medicine I have not had any nervous chills or weak spells. I am better  
than for years."

My daughter is now taking the "Prescription" and Dr. Pierce's  
Golden Medical Discovery, also the "Pellets" for nervousness and weak,  
sired feeling. These remedies have helped her ever so much in a short  
time. We have great faith in your medicine for female troubles.

Mrs. McDONALD. Dr. Pierce's Pleasant Pellets induce mild natural bowel movement.

FOR PRESIDENT,  
WILLIAM HOWARD TAFT.

It has frequently been asked, in the light of recent events, whether the Democracy Kentucky was a democracy representative of the people, or whether it was simply an organization owned absolutely by a group of selfish, greedily ambitious coal millionaires. Certainly every step so far taken by the Democrats at Frankfort looks as if the ownership were an accomplished fact.

Every bill looking to the construction of a gigantic machine, looking toward an enormous centralization of power, has received their O. K.

Every bill seeking to take away from the people the elective power and making offices appointive has received their O. K.

They are now even striking at home rule. They are backing a bill which seeks to foist upon Campbell county a Judge who is not needed. They are seeking to have adopted a bill which will force upon the people of Paducah and Covington a sham commission government plan which those cities have rejected by big votes. They are thus flying in the face of the long-established Democratic principle of home rule without interference from country and mountain legislators, ignorant of what the cities want and need.

But one of the biggest tests of the Democracy is to come in its attitude toward the ARNETT coal bill. In this bill Senator ARNETT, of Covington, proposes a tax of one cent per ton of mined coal, ready for the market. The Senator has called attention to the fact that this coal is mined from lands that, assessed for their surface value, are worth practically nothing, but considered as to their riches beneath the surface, are making millionaires spring up like mushrooms.

There are about 26 counties in which coal is mined, 11 of these are in Western Kentucky, the three greatest being Hopkins, Muhlenburg and Webster, which together produce about six and one-half million tons per annum. Yet three counties whose coal wealth is enormous, are pauper counties, drawing from the State treasury about \$54,221.49 per annum more than they pay in. If the ARNETT bill went into effect they would cease to be millionaire pauper counties.

England alarmed over threatened strike of coal miners.

## Our Colored Citizens.

The Roman Knights will give a festive Saturday night, March 24, 1912, at Haven Chapel M. E. Church, Washington, Ky. Admission 10c, lunch free. Everybody invited.

HUNTER GREEN, Captain.

"THE OLD UNCLE 'GETS BY' ON THE OLD STUFF SIMPSON SELLS."

SIMPSON

and Optician.

National Bank.

Of the 15 coal counties of Eastern Kentucky all but one, Boyd, are pauper counties, and Boyd is an exception because of the good towns of Ashland and Catlettsburg. The richest of these counties, Bell, is a pauper to the extent of \$34,619.63 per annum and the next, Whitley, is a pauper to the tune of \$44,797.52.

There is hardly a coal-producing State in the Union which does not tax coal in some fashion. The ARNETT bill is not oppressive. It only taxes the coal when it is ready for sale. Each ton can only be taxed once. Contrast this with the constant tax on homesteads and farms and residences.

Reasonable? Of course it is, yet the millionaire coal owners come to the Legislature with two propositions:

First—Beat this bill altogether—or

Second—As an alternative pass a bill taxing coal one cent per ton and then diverting it to a fund out of which the State will pay to the estate of each miner whose life is lost the sum of \$2,500, and if there be a surplus left, use it in purchasing implements for the mine inspector's department.

The latter alternative is almost the limit of colossal impudence. It is proposed to make the State bear the burden of taking care of the families of injured or slain miners, thus relieving the coal-mining companies of this responsibility.

Can't you picture it? What inducement would there be for coal mine owners to supply adequate protection to their men? Life would be cheap. Kill a few miners! What's the odds? The State will pay the damages out of that one cent tax, and if there is not enough, scale the sums paid to the families of the unfortunates.

To us the proposition seems monstrous, callous, inhuman. But the coal mine owners don't expect it to pass. They expect to beat all one-cent-coal-tax bills. They have sent out the word all over the State.

If they do, they will demonstrate that the coal millionaires really own the Democratic Party and all the legislative machinery that party elected. They will have demonstrated that they can compel the Democrats in the Legislature to ignore the owners of farms and the business men in the big cities, who now not only have to pay for the government of their own home counties, but also bear the burden of all the numerous pauper counties which every year draw out from the State treasury far more than they put in.

If that is done, let the message be carried to Louisville, to Covington, to Lexington, to Paducah, to Newport, to all the cities where the State tax is high, so that coal mine owners may add a few more thousands to their earnings.—The Kentucky Post.

## PROMINENT PEOPLE

## MADERO'S DIFFICULT TASK

Madero is said to be worth \$20,000,000.

Francisco Madero is about forty-two years old, is married and the father of a numerous family. He is tall, broad-shouldered, somewhat inclined to stoutness. His head is well shaped, forehead finely developed, eyes far apart. His countenance is pale from a somewhat studious and indoor life, and he does not possess anything like the physical prowess of Diaz.

At one time Madero was minister to Russia under Diaz. He held several other important posts in the government. He was educated in Paris and is a man of refinement and culture. He is a linguist and a diplomat.

## HEAD OF A BIG POSTOFFICE

Simply because Mrs. Gustave A. Root—no relation to the senior senator from New York—postmaster of the mining town of Tuttle, Col., recently took it upon herself to order a couple of men from her office at the point of a six-shooter one must infer that she is the only woman postmaster (not postmistress) in the country. Tuttle is a fourth-class office.

There are 53 women postmasters at first and second class offices, and nearly 200 of all classes, many of them of long terms, extending over two or more administrations.

The highest paid woman postmaster is Miss Alice M. Robertson at Muskogee, Okla. Miss Robertson has had a rather notable career and is known to every postmaster who has attended any of the conventions of presidential postmasters during the past few years. Miss Robertson is a native of Oklahoma and is now in her fifty-seventh year. Her parents were missionaries among the Indians of Indian territory, and she was born at one of these missions. Miss Robertson has seen practically nothing but Indians ever since. She served as a clerk in the Indian office from 1873 to 1879. From there she went as a teacher to the Carlisle Indian school. Afterward she was appointed disbursing agent for the Creek Indian schools in Oklahoma. Her mother translated the Bible into the Creek Indian tongue.

## DIRECTOR OF RURAL SCHOOLS

A new division of experts in educational work will be organized shortly by the United States Bureau of Education to look after the needs of the rural schools of the country. This is the latest plan of Uncle Sam for the proper education of the coming generation in rural communities. In addition to the 10 or more specialists in rural education, there will be a number of experts engaged to assist in the handling of problems relative to city schools. These will include specialists for trade schools, agricultural education below the college, education in home-making, commercial education and for normal schools and the training of teachers. In the division there will also be specialists in city school administration, in school sanitation and hygiene, and one or two in secondary education, with a director of research.

The plan will include a personal visit of representatives of the bureau to every rural school in the United States. The main object is to improve the surroundings of the pupils and to aid in securing proper school houses. Dr. A. C. Monahan is to have direct charge of the new rural school work. "Our first step," he says, "will be to make a survey of the field so that we may know definitely conditions of the rural schools as they now exist. We have in the United States rural now about 506,000 public school teachers, while about 125,000 new teachers are required every year.

## COLONY TO AID CITY'S POOR

Two thousand acres near Warren, Ind., will be devoted to the Warren Springer colonization scheme for poor Chicago families with many children, according to the statement of Mrs. Margaret Springer, widow of the millionaire real estate man.

The colony will be laid out as Oscar Lovell Triggs, formerly of the University of Chicago and now a member of Katherine Tingley's Theosophist colony at Point Loma, Cal., devised with Mr. Springer years ago.

"In the city a family of ten children are liabilities, in the country they are assets," said Mrs. Springer, leaning back in her chair with Russian furs draped over her left shoulder. "Daddy Springer's idea was to boost the poor who lead such miserable lives in the congested parts of the city, not to lay down the law to them as to how they must act."

"I mentioned Oscar Lovell Triggs because it was his idea in the first place as far back as 1899. To say the colony will be like Mrs. Tingley's center at Point Loma is a mistake. There will be no religious element, and in fact no element but the economic."

When asked if she intended being a twentieth century Margaret Fuller on the new look farm, Mrs. Springer replied: "No. I shall stay here in my husband's office from early in the morning till late in the afternoon, and until his affairs are settled."

## THE DOCTOR HABIT And How She Overcame It

When well selected food has helped the honest physician place his patient in sturdy health and free from the "doctor habit" it is a source of satisfaction to all parties. A Chicago woman says:

"We have not had a doctor in the house during all the five years that we have been using Grape-Nuts food. Before we began, however, we had 'the doctor habit' and scarcely a week went by without a call on our physician.

"When our youngest boy arrived, five years ago, I was very much run down and nervous, suffering from indigestion and almost continuous headaches. I was not able to attend to my ordinary domestic duties and was so nervous that I could scarcely control myself. Under advice I took Grape-Nuts.

"I am now, and have been ever since we began to use Grape-Nuts food, able to do all my own work. The dyspepsia, headaches, nervousness and rheumatism which used to drive me fairly wild, have entirely disappeared.

"My husband finds that in the night work in which he is engaged, Grape-Nuts food supplies him the most wholesome, strengthening and satisfying lunch he ever took with him."

## SOME HORSE

Equine Monster, "Jumbo," the Very Largest Horse in the World

What is declared to be the world's biggest horse is now owned by the Mack Brothers Truck Company in New York, and they challenge the equine universe to produce his equal. No other horse could be found that did not object to be made an object of ridicule by comparison with "Jumbo," so the big fellow works in shafts by his lonesome.

"Jumbo" is a Clydesdale and is twenty and a half hands in height, or six feet and ten inches from hoof to shoulder. His weight is 2,430 pounds. He is five years old and has spent most of his life at Tappan, N. Y., but it was not until he was brought to the metropolis a short time ago that he acquired the name and publicity that are his by right.

His stable mate is a two-year-old pony that stands seventeen inches in height, and the illy-assorted pair are great friends. Because of his willingness to pull heavy loads, alone and unaided, "Jumbo" gets a bushel of grain a day in addition to a liberal quantity of hay. He is exceedingly gentle and owners say he is the equal in pulling capacity of any other two horses in his stables.

Deafness Cannot be Cured by Local Applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound in your ears, and when it is severely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

## Official Call for Republican State Convention, 1912.

OFFICE REPUBLICAN STATE CENTRAL COMMITTEE,  
LOUISVILLE, KY., February 14th, 1912.

To the Republican Electors of Kentucky: In accordance with established custom, and in obedience to the rules governing the Republican Organization of Kentucky, and the official call of the Republican National Committee, the Republican State Central Committee of Kentucky now directs that a State Convention of delegated representatives of the Republican Party of Kentucky be held in the City of Louisville, Kentucky, at 1 o'clock p. m. standard time, on Wednesday, the tenth day of April, 1912, for the purpose of electing four delegates from the State of Kentucky at large, and four alternate delegates at large to the National Convention of the Republican Party to be held in Chicago, Illinois, on Tuesday, June 18th, 1912, and for the purpose of nominating two electors from said State at large, to be voted for at the election to be held November 5th, 1912.

The delegates to said State Convention shall be elected by County Mass Convention to be held in the County Seat in each county at 1 o'clock, standard time, on Saturday, April 6th, 1912, except in the counties of Bell, Boyd, Campbell and Kenton, in which counties conventions shall be held in the cities of Middlesboro, Ashland, Newport and Covington, respectively, and provided that in Jefferson county said mass convention shall be held in each of the Wards of the City of Louisville, and for the county outside the limits of said city, which latter meeting may be held in said city. One delegate shall be elected for each one hundred votes or fraction thereof, amounting to fifty or over, cast for the Republican electors in such county as the Presidential election of 1908. The form of voting at said county or Ward Mass Conventions shall be by ballot in each county in which the county committee provides for the election of county committeemen by ballot at county or Ward Mass Conventions, and said election of delegates in counties which elect county committeemen by county or Ward Mass Conventions shall be held by the same officers who conduct the election of county committeemen. In counties which do not elect county committee by ballot the form of voting for such delegates shall be viva voce.

The Republican Congressional District Committee of each Congressional District, as now constituted, will, as directed, by the call of the Republican National Committee, meet and hold the holding of a Congressional District Convention in such district for the purpose of electing two district delegates and two alternates to said National Convention, and said committee is hereby directed to provide in its call for the election of one member of the State Central Committee, and for the nomination of one elector, to be voted for at said National Election.

And it is hereby recommended that the delegates to said district convention be elected at the same time and in the same manner as the delegates to said State Convention.

Said State Central Committee further directs that except hereinafter provided, in each and every county the new members of the Republican County Committee shall be elected by precinct meetings, which precinct meetings shall be held at 2 o'clock p. m. standard time, on Saturday, May 4th, 1912, in the manner prescribed in Rule 21 of Rules of the Republican Organization of Kentucky; except, however, that in each county in which said county committee determines that such members of such county committee shall be elected by county or Ward Mass Conventions such Mass Conventions shall be held in such county at the same time and place at which delegates are elected to said State Convention, to-wit, on Saturday, April 6th, at 1 o'clock p. m. standard time.

The number of delegates to said State Convention apportioned to each of the various counties of Kentucky, is as follows:

## MUST BELIEVE IT

WHEN WELL KNOWN MAYSVILLE PEOPLE TELL IT SO PLAINLY

When public endorsement is made by a representative citizen of Maysville the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man woman or child with any kidney trouble will find profit in the reading.

Mrs. Della Means, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being sharp pains through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches were also common and I often became so dizzy that if I did not catch hold of something I would fall. I continued to grow worse, until I was often confined to my bed for a week at a time. No remedy I tried helped me, and I began to have symptoms of dropsy. My body became bloated and I had about despaired of ever being cured, when I read of a person who had been cured of similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and obtained so much relief from the use of the first box that I continued taking this remedy until I was entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

### GAY WINS AGAIN Second \$500 Bagged by Kentucky's Expert Shot

PARIS, KY., February 28th—The second day of the big bird shoot at the grounds of the Hill Top Gun Club, in Bourbon county, attracted a large crowd of sportsmen from many places and witnessed the second victory for Mr. J. D. Gay of Pine Grove, Clark county, against Mr. Harry Kahler of Philadelphia, Mr. Gay's record being 92 out of a possible 100 birds, while Mr. Kahler brought down 81.

The closing shoot of the tournament will be held Friday afternoon and will attract the largest crowd that has yet assembled on the grounds, on account of the large stakes for which these two gun experts are contesting, being \$500 for each day.

The gage marks 37.6 and falling.

## Women

From Forty-Five to Fifty Are Much Benefited by Lydia E. Pinkham's Vegetable Compound.

The "change of life" is a most critical period in a woman's existence, and the anxiety felt by women as it draws near is not without reason.

When her system is in a deranged condition, she may be predisposed to apoplexy, or congestion of some organ. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

Mrs. Estella Gillispie

### ONE CASE OUT OF MANY TO PROVE OUR CLAIMS.

St. Anne, Ill.—"I was passing through the change of life and I was a perfect wreck from female troubles. I had a displacement and bearing down pains, weak fainting spells, dizziness, then numb and cold feelings. Sometimes my feet and limbs were swollen. I was irregular and had so much backache and headache, was nervous, irritable and was despondent. Sometimes my appetite was good but more often it was not. My kidneys troubled me at times and I could walk only a short distance.

"I saw your advertisement in a paper and took Lydia E. Pinkham's Vegetable Compound, and I was helped from the first. At the end of two months the swelling had gone down, I was relieved of pain, and could walk with ease. I continued with the medicine and now I do almost all my housework. I know your medicine has saved me from the grave and I am willing for you to publish anything I write to you, for the good of others."—Mrs. ESTELLA GILLISPIE, R.F.D. ### MASTER Commissioner's Sale

MASON CIRCUIT COURT.  
Nathaniel Westcott et al., Plaintiff, vs. Lucinda Westcott et al., Defendants.  
Judgment and Order of Sale.

By virtue of a judgment and order of sale in the above-styled action, I will, as Master Commissioner, on

**MONDAY, MARCH 4, 1912,**

At 2 o'clock p. m., proceed at the Courthouse door in Maysville, Kentucky, to sell the following described real estate, in order to satisfy the judgment of N. K. Downing, Administrator has been assigned, amounting to \$228, together with all the costs of this action.

Said real estate consists of a certain dwelling house and lot of ground in the town of Sardis, Mason county, Kentucky, bounded and described as follows, to-wit:

Situated on the North side of the Sardis Turnpike, and beginning at a stone in the center of the said turnpike, near G. R. Ray's house; thence, with the center of the turnpike, S. 41° E. 10.84 poles, to the same; thence N. 57° E. 9.48 poles, to the center of a fence; thence N. 34° E. 10.11 poles, to a stake in the margin of the dirt road; thence, N. 78° W. 11.76 poles, to the beginning; containing 3 rods and 24 poles. Being the same property where Nathaniel Westcott resided up to the time of his death.

TERMS OF SALE: Said sale will be made up on a credit of one-half (1/2) of the purchase price in six (6) months, and the remaining one-half (1/2) in twelve (12) months. The purchaser will be required to execute bond for the purchase price, with approved personal security, payable to me as Master Commissioner, and bearing six (6) per cent. interest thereon from day of sale. A lien will also be retained on the property sold, to secure the payment of the purchase price.
